

Fact sheet – guided fishing activities on Taupō Waters

If you want to run a commercial operation or undertake commercial activities on Taupō Waters you must get permission from the Taupō Waters Trust in the form of a licence. This includes the provision of guided fishing services on the waterways, streams and tributaries flowing into Lake Taupō and on the lake itself.

What is the Taupō Waters Trust?

1. Ngāti Tūwharetoa are the iwi that hold mana whenua and exercise kaitiakitanga over Lake Taupō and parts of the broader catchment.
2. The Tūwharetoa Māori Trust Board (the **Trust Board**) is the sole trustee of the Taupō Waters Trust and holds title to the Māori freehold land comprising the Taupō Waters.¹

What is the Taupō Waters?

3. The Taupō Waters is the land comprising the:
 - (a) entire bed of Lake Taupō;
 - (b) bed of the Waikato River from Lake Taupō to Te Toka a Tia (the Rock of Tia), downstream from the Huka Falls; and
 - (c) beds of certain associated waterways, streams and tributaries flowing in Lake Taupō,(together, the **Taupō Waters**).
4. The space occupied by the water and the airspace above the water is also part of the Taupō Waters.

Why do I need to apply for a license?

5. In July 2021, the High Court issued a declaratory judgment confirming that the Trust Board, as the legal owner of Taupō Waters, has the right to require commercial users of the Taupō Waters to obtain rights to occupy or use the Taupō Waters and to charge commercial users for the same.

What types of activities are captured?

6. A licence is required for any commercial use of the Taupō Waters. Commercial uses include any activities in connection with the operation of a business and/or where the purpose of the activity (whether primarily or otherwise) is to generate profit or some other commercial gain from the operations which utilise Taupō Waters.

¹ The ownership of the Taupō Waters was vested in the Trust Board, on behalf of Ngāti Tūwharetoa, under a Deed with the Crown in 2007. This 2007 deed superseded an earlier arrangement with the Crown dating back to 1992.

Guided fishing services and accommodation providers

7. The provision of guided fishing services on the Taupō Waters is a commercial activity that must be licensed by the Trust Board. This applies to services delivered on the waterways, streams and tributaries flowing in Lake Taupō as well as the lake itself.
8. We are aware of two main types of arrangements for the delivery of guided fishing services. These are as follows:
 - (a) **Guides provide services:** Individual guides or guiding businesses provide guided fishing services directly to clients in their own right. In this case, the guides or guiding businesses are required to apply for the licence.
 - (b) **Accommodation providers provide services:** Accommodation providers offer guided fishing services to their customers and either subcontract or employ guides to deliver the services. In this case, the accommodation provider is required to apply for the licence, not the subcontractor or employee.

How do I make an application for a licence?

9. You will need to complete and submit an application in order to obtain a licence from the Trust Board.
10. We have **enclosed** a copy of the Taupō Waters Commercial Users Policy which sets out:
 - (a) how to make an application for a commercial licence;
 - (b) the supporting information we will require from you; and
 - (c) the applicable fee structure.
11. Where your application is approved, we will send you a licence agreement for signing. Once the licence agreement is signed by both parties, you have a legal right to access and use the Taupō Waters for the prescribed use in accordance with the terms of the license agreement.

I am a commercial operator on Taupō Waters. What happens if I don't have a licence?

12. If a person or entity undertakes commercial activities on Taupō Waters without a licence, this will be a breach of the Trust Board's property rights. In such cases, the Trust Board will have certain legal remedies that it may decide to pursue, including through actions for trespass.
